

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

A Report on workshop on “Software Project Management”

Date: 05.06.2021

Venue: Sri Srinivasa Ramanujan Seminar hall, Dept of CSE Narayana Engg College

Resource Person: Mr. Vijay Bhaskar Varanasy, Fujitsu Consulting India Ltd

On June 5, 2021, a guest lecture on "Software Project Management" was organized by the Computer Science and Engineering (CSE) department for IV B.Tech students. The lecture was delivered by Mr. Vijay, an experienced professional in the field of software project development from Fujitsu Consulting India Ltd. The objective of the lecture was to provide students with insights into the key concepts and best practices of software project management and help them understand the challenges and methodologies involved in managing software projects in the real world.

The guest lecture was organized with the following objectives:

To familiarize the students with the fundamental concepts of software project management, including project planning, scheduling, and monitoring. To highlight the importance of effective communication, team collaboration, and risk management in software project management.

To inspire and motivate the students to develop skills in software project management and become successful professionals in the IT industry.

Lecture Highlights:

The guest lecture commenced with a welcome address by the Head of the CSE department, followed by the introduction of Mr. Vijay as the resource person for the session. Mr. Vijay started the lecture by providing an overview of software project management and its significance in the software development process.

He shared his experiences and insights on various aspects of software project management, including project planning, scheduling, estimation, risk management, and quality assurance. He emphasized the importance of effective communication, team collaboration, and stakeholder management in software project management and shared practical tips and techniques to manage software projects successfully.

The students actively participated in the guest lecture, asking questions and engaging in discussions. Mr. Vijay patiently addressed their queries and provided valuable insights and guidance.

Conclusion:

The guest lecture on "Software Project Management" by Mr. Vijay was informative and insightful. He provided the students with valuable knowledge and practical insights into the best practices, methodologies, and challenges of managing software projects in the industry. The program was concluded after vote of thanks by HOD.
