### A BRIEF DESCRIPTION OF THE EVENT:

With an aim to spread awareness about firecrackers causing noise and air pollution and numerous health hazards to human beings and animals, students of ECE department, NARAYANA ENGINEERING COLLEGE, Nellore took out an Anti-Cracker Rally on 26th October'19. Our department organizes the rally every year ahead of Diwali to send out the message of minimizing the use of crackers and to celebrate the green and safe festival. The young eco warriors carried colorful placards and raised slogans like 'Say no to crackers and yes to life' to cultivate a sense of duty towards their environment and society. These enthusiastic planet pals also reached out to a large gathering present in the c-block auditorium and enthralled the audience with their thought provoking slogans. The harmful effects of crackers to health and environment were brought to the fore front by the children with a request to all to celebrate this Diwali without crackers.
