### Student Association Activities-Report

Date: 05-02-2022

The student association has organized an event for the students of II-MCA. As part of this event, the student coordinators have come up with various “**Hands on Code**” as a part of Coding Skills., and explained the methods of analyzing the questions and some tips to increase accuracy and speed. This will help them to challenge the aptitude tests with ease during

*Student Coordinators are explaining Hands on Code Logics*

*Student Coordinators are explaining Coding tips to the students*

After the completion of session students are getting clarification about the snippet of the code and its analysis and output of the code. The session is beneficial to the students and students clarified their doubts regarding to coding in Computer science. This session will be continued for next weeks.
