Recognized by UGC U/S 2(f) & 12(B) & 'A' grade by Govt. of AP
NARAYANA AVENUE, NELLORE -524004.**

Date: 18th May 2016

Dear Sir/Madam,

**Sub: National Seminar on “Energy Auditing Conservation and Demand Side Management”
(EACDSM-2016)
2nd – 3rd June 2016**

Greetings...

Narayana Engineering College was established in the year 1998 under the chairmanship of Dr P Narayana. This is one of the several prestigious institutions sponsored by Narayana Educational Society, across India. Within a short period, the college has witnessed significant growth and stands as one of the premier private unaided Engineering Colleges in AP today and recently our college was ranked as 'A' Grade by Govt. of AP.

Nellore is going to be a hub for a large number of power projects. As of May 2015, the total installed capacity in Nellore district is around 3,000 MW and capacity to the tune of 10,000 MW will be connected to the grid shortly. Nellore is also the place where one of the largest power dispatch stations is located. The Seminar aims to create awareness among the Staff, Managers from industries and other stake holders like working professionals in Energy Auditing on the importance of Energy Conservation, Demand Side Management and the Role of Energy Auditing in MSME industries and Domestic sectors. The Seminar in particular aims to achieve the above objectives by providing a forum for educating the attendees on National Electricity Policy on minimizing overall Energy requirement, energy conservation and demand side management. Various schemes introduced by Bureau of Energy Efficiency (BEE) and Ministry of Power through 11th Five year plan achievements and the goals set for the 12th Five year plan. The various strategies schemes adapted and the results achieved and the benefits to practitioners. The seminar also aims to conduct a mock Auditing by participants on a typical MSME industrial environment through educating the participants on Auditing methods, goals and objectives as per Government Norms and by providing multiple data sets from such industries. This will provide an hands on opportunity to appreciate importance and challenges involved in Energy Auditing.

On behalf of the organising committee, We request you to send PG students, Research Scholars, Researchers, Faculty Members and Electrical Engineers in your organization. We do hope that the seminar will be enriching and gives memorable experience for all the participants.
