Chairman's Message

It brings immense pleasure and great joy to be the founder of an educational institution. To be the patron of engineering education to the students coming from different backgrounds and to be the foundation for their empowerment is a great matter of pride indeed. Our college is a renowned brand and students take great pride in associating themselves with our institution.

But this feeling of pride brings with it tremendous responsibilities, which are important for us to react positively. I am blessed with faculty of high intellect and commitment which makes me feel lucky every time I meet them and thanks to the combined team effort, we have been able to structure this institution wonderfully well.

Teaching is the most thankless profession as it's expected the teaching community to be selfless and humble. And our teachers are not just modest individuals but they also display deep passion and desire to teach. Our common goal is to mould individuals, so that they can go ahead to mould the society.

We are proud to announce that our college has associated with Jawahar Knowledge Centre (JKC) since December 2006 and is accredited Star Status by the IEG (Institute of Electronic Governance). We have received the prestigious Award of Excellence for the Year 2008 from Dr. Y.S. Rajashekar Reddy, the then Chief Minister of Andhra Pradesh for securing highest placements from Narayana Engineering College, Nellore through JKC.

I hope I have echoed the feelings, sentiments and favour of all our faculty members in this small write-up. And I am sure all of us will excel with our earnest efforts as we have been doing all while.

Dr. P. Narayana
