A Brief Description of the Event:

Department of ECE, Narayana Engineering College, Nellore in association with NSS UNIT OF NECN, organized a Flood relief camp to the flood affected areas; we selected the most flood affected area in our Nellore district, Padugupadu, Kovur Mandal, which is heavily immersed by the waters of flood. We with the help of our coordinators safely reached that area by carrying the needy food those people. In this programme we donated nearly 800 packets of food and water bottles to that people. By seeing them we merged in sorrow and also helped them to arrange themselves to live safely. We went to very home at that place and supported them with the needy items etc. About 2 staff members and 55 students have actively participated in this food donation camp at flood affected area.
