A BRIEF DESCRIPTION OF THE EVENT:

Department of ECE in association with NSS Unit of Narayana Engineering College, Nellore organized an Awareness program on Clay Ganesh. We distributed the Clay Ganesh Idols at Haranadhapuram Centre, Nellore. As we have been observing a growing awareness about the water pollution caused by the immersion of Ganesh idols made out of Plaster of Paris, in natural water bodies such as lakes, rivers and the sea. While idols made out of naturally occurring clay can dissolve within hours of immersion in water, So we distributed the Ganesh Idols to the people of Haranadhapuram centre, Nellore. The main objective of this program is to Promote eco-friendly behaviour and reduce pollution by using clay idols. About 3 staff members and 23 students have actively participated in the event.
