12	Signature of In charge/convener			

A Brief Description of the Event:

A Technical Talk on “**Electrical Safety Precautions**” was organized by Electrical and Electronics Engineering department, in Association with APSPDCL at the Visweswaraiah Auditorium, Narayana Engineering College, Nellore on 09th May, 2018. Prof. G. Venkateswarlu, HOD, Dept.of EEE, welcomed the participants and gave introduction to the programme to all. Total 95 Students have participated in this programme. This programme was co-ordinated with the help of 4 Faculty members. The seminar was chaired by T.Venkateswarlu, Assistant Engineer, 33/11KV Substation, Haranathapuram, Nellore. Following points were discussed by the Site Engineer on Electrical Safety Precautions to the students.

1. While working on any live power connection at home, it is necessary to turn off the mains. It is also a good idea to put up a preventing switching on the service panel, so that nobody turns the main switch ON unintentionally.

2. Never to use equipment with frayed cords, damaged insulation or broken plugs.
3. Better to avoid contact with water at all times when working with electricity. Never touch or try repairing any electrical equipment or circuits with wet hands, it increases the conductivity of electrical current.
4. To always check all your Ground Fault Circuit Interrupters once in a month. Ground Fault Circuit Interrupter disconnects quickly to prevent injury caused by over current.
5. Never to try repairing energized equipment. Always check whether it is de-energized or not first by using a tester. Always use insulated tools while working on power.
6. Electrical hazards include exposed energized parts and unguarded electrical equipment which may become energized unexpectedly. Such equipment should always carry warning signs like "Shock Risk".
7. Never to use an aluminum or steel ladder, when you are working with Electrical Equipment.

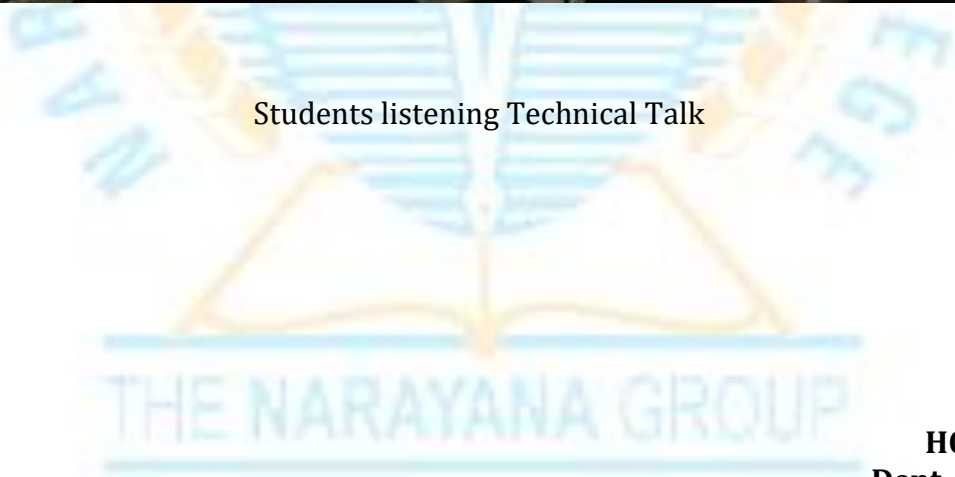

T.Venkateswarlu, Assistant Engineer was thanked for patiently explaining to the Students on the Electrical safety precautions.

About the Event:

Technical talk on "**FACTS and its application in Power System**" was organized by Electrical and Electronics Engineering department, in association with ORL Industry, Hyderabad at the Edison

Auditorium, Narayana Engineering College, Nellore on 10th February 2018. A total of 95 Students were benefitted by the technical talk. Dr. G. Venkateswarlu, HOD, Dept. of EEE, extended Welcome and gave introduction to the programme. The Technical Talk was chaired by Sri T.Vasanth Kumar. He has covered the following topics:

- Introduction to the FACTS
- Static VAR compensation
- TCSC and its application
- VSC based FACTS controller
- Coordination of FACTS controllers

On behalf of Dept. of EEE HOD thanked Sri T.Vasanth Kumar for enlightening the students.

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING
REPORT ON A TECHNICAL TALK ON FACTS AND ITS APPLICATIONS TO POWER SYSTEM

1	Name of the Activity/Event	Seminar on Control system and Automation		
2	Date of Activity/Event	17/02/18		
3	Organized by/Name of the committee	Dept. of Electrical and Electronics Engineering		
4	Place of Activity/event	Narayana Engineering College, Nellore		
5	Resource person/guest/organization	Sri K.Prasad, Consultant, SSK Delta Design Engineering Pvt Ltd.		
6	Type of activity/Event	Seminar		
7	Activity/Event objectives	1.Power system control and Automation 2. Central control and Management 3. Hardware component of Distribution systems 4. Protection and control		
8	Participation	Students	Faculty	Total
		101	05	106
9	General remarks	1. Communication was not up to the mark. 2. Control system and Automation application to the industry was not explained.		
10	Suggested Improvements	1.To Improve the Communication 2.To explain the concepts giving more examples		
11	Enclosures	1.Report 2.Photos 3.Attendance		
12	Signature of In charge/convener			

A Brief Description on Seminar:

A seminar on "Control System and Automation" was conducted by Electrical and Electronics Engineering department, in Association with SSK Delta design Engineering PVT Ltd on Tuesday, 17thFebruary 2018 at Visweswaraiah Auditorium, B-Block, Narayana Engineering College, SPSR Nellore. Dr. G. Venkateswarlu, HOD, Dept.of EEE, Extended his Greetings to Mr.K.Prasad, speaker of this program and introduced the programme to all participants. Total Number of Students attended were 101. This programme was co-ordinated with the help of 5 Faculty members The seminar was chaired by Mr.K.Prasad.

The topics covered are given below:

- Power system control and automation
- Central control and management

- Hardware components of distribution system
- Protection and control

Sri K. Prasad was thanked by HOD of EEE, for giving Seminar to our Students. We have taken suggestions and feedback from students.

CIRCULAR

All the IV B.Tech, EEE Students are hereby informed that EEE Department has planned to organize a Seminar on “**Research Methodologies in power system by using SCADA/PLC**” in association with Lab Tech Innovations, Chennai on 15-03-18 at Edison Auditorium, B- Block, NECN, SPSR Nellore. Therefore, all IV year Students are instructed to attend this program without fail.

Time: 09.30PM

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING Report on Research Methodologies In Power System By Using SCADA/PLC

1	Name of the Activity/Event	Seminar on Research Methodologies in power system by using SCADA/PLC		
2	Date of Activity/Event	15/03/18		
3	Organized by/Name of the committee	Electrical & Electronics Engineering		
4	Place of Activity/event	Narayana Engineering College, Nellore		
5	Resource person/guest/organization	P.Amarnath, Senior Engineer, Lab Tech Innovations		
6	Type of activity/Event	Seminar		
7	Activity/Event objectives	1. Concept of PLC and Numeric System 2. PLC applications 3. PLC and SCADA interface 4. Modern SCADA systems		
8	Participation	Students	Faculty	Total
		93	05	98
9	General remarks	1.Fast Explanation, too quick to follow 2. Less PPT Presentation 3. PLC /RTU Programmings are not Explained		
10	Suggested Improvements	1. Explanation to the students could have been slower. 2.To improve power point presentation 3. Programming With Flow Charts need to be given		
11	Enclosures	1.Report 2.Photos 3.Attendance		
12	Signature of In charge/convener			

BRIEF DESCRIPTION OF THE SEMINAR:

Electrical & Electronics Engineering has organized a seminar on "Research Methodologies in power system with the help of SCADA/PLC" in association with Labtech Innovations, Chennai at the Edison auditorium, Narayana Engineering College, SPSR Nellore on Thursday, the 15th March 2018. Dr. G. Venkateswarlu, HOD, Dept.of EEE, welcomed the students and has given introduction to the programme. Students attended the seminar are 93. This programme was conducted with the help of 5 Faculty members. The Resource person of the seminar was Mr. P.Amarnath, Senior Engineer, Lab Tech Innovations. The topics covered are:

- Concept of PLC and Numeric system and its logic concept
- PLC application
- PLC and SCADA interface

- Modern SCADA systems
- SCADA Architecture Development
- Security Issues
- Applications of SCADA

Before concluding, Head of the Department Dr G.Venkateswarlu expressed his sincere appreciation to the Speaker Sri P.Amaranath who has elevated the occasion with his presence. Students were also satisfied with this seminar and given their positive feedback

BRIEF DESCRIPTION OF THE SEMINAR:

Electrical and Electronics Engineering organized a Technical talk on “**Importance of Electrical Engineering**” for II B.Tech EEE Students, Narayana Engineering College, Nellore on Thursday, the 26th September 2018. Mr. Rama Subba Reddy, Sectional Engineer, Indian Railways, Guntakal Junction Alumni of Narayana Engineering College, was the Resource person to the seminar.

Dr. G. Venkateswarlu, HOD, Dept. of EEE, welcomed the participants. He introduced about objective of the Seminar and the resource person. The resource Person highlighted on Electrical and Electronic Engineering describing it as a fascinating field, and one which could make use of time with unique and challenging, enriching and rewarding experience. He also stated that Just as the world needs its Doctors, Nurses and Teachers, Electrical Engineering is something which we simply couldn't do without. He while

highlighting the applications of Electrical Engineering stated that Electrical Engineers have a good Prospects, Electrical Engineers enjoy high starting salaries, Global opportunities etc.
