On 24/02/2020 EEE II B.Tech students got permission to visit "Nippo Factory" under the guidance of our department. In the factory students observed the process of battery manufacturing. We started from the college 8.15am college bus and we reached our destination at 10.30am. After reaching the factory

professional people in factory explained the components and their working. Also they showed the latest technology equipments and its fast working process.

Such industrial visits organized by Narayana Engineering College helps the students to enhance their practical knowledge on industrial sites.
