Sakala " JAM ":

The Department of EEE has conducted "Just a Minute (JAM)" on behalf of Sakala (Student Association) on 26-10-2021. Students of III B.Tech EEE students are participated in this event. Total 89 students were participated in this event. Just a Minute (JAM) is a special event in which contestants are challenged to speak on a topic for one minute. Just a minute topics need to be such that they don't invite too much of content. A speaker must be able to wrap up the content quickly and this is a bit tough

Sakala " JAM ":

The Department of EEE has conducted "Just a Minute (JAM)" on behalf of Sakala (Student Association) on 29-10-2021. Students of IV B.Tech EEE students are participated in this event. Total 86 students were participated in this event. Just a Minute (JAM) is a special event in which contestants are challenged to speak on a topic for one minute. Just a minute topics need to be such that they don't invite too much of content. A speaker must be able to wrap up the content quickly and this is a bit tough

Sakala " PPT on Technical Topics":

The Department of EEE has conducted ” **PPT on Technical Topics**” on behalf of Sakala (Student Association) on 02-11-2021 & 09-11-2021. Students of III B.Tech EEE students are participated in this event. Total 84 students were participated in this event.

Presentation skills are one of the essential skill sets for students in institutions of higher learning. To help them improve their presentation skills, students are encouraged to use systematic methods to facilitate their presentations in the classroom. The main purpose of emphasizing presentation skills in higher education is to help develop professionalism in the learning environment. In this era of technological advancement, students can enhance their presentation skills using high-tech equipment,

thus improving their ability to present information in a professional manner.

Students find presenting in or outside the classroom during their studies very challenging. Many feel less confident when speaking in front of large groups. Presentations can be stressful and many students do not enjoy them and feel nervous when asked to present.

To overcome these challenges, students need to be prepared. The following are four key elements to improving presentation skills among students.

1. English proficiency level
2. Create innovative ideas
3. Body language
4. Be well organized

Sakala " PPT on Technical Topics":

The Department of EEE has conducted " PPT on Technical Topics" on behalf of Sakala (Student Association) on 05-11-2021 & 12-11-2021. Students of IV B.Tech EEE students are participated in this event. Total 72 students were participated in this event.

4. Body language
5. Be well organized

Sakala " Group Discussion ":

The Department of EEE has conducted ” **Group Discussion**” on behalf of Sakala (Student Association) on 15-11-2021. Students of III & IV B.Tech EEE students are participated in this event. Total 84 students were participated in this event.

Group Discussion or **GD** is a type of discussion that involves people sharing ideas or activities. People in the group discussion are connected with one basic idea. Based on that idea, everyone in the group represents his/her perspective.

GD is a discussion that tests the candidate's skills, such as **leadership skills, communication skills, social skills and behavior, politeness, teamwork, listening ability, General awareness, confidence, problem-solving skills, etc.**

PROCESS

Sakala " Aptitude & Reasoning Test " :

The Department of Electrical and Electronics Engineering has organized a **Aptitude & Reasoning Test** on behalf of Sakala (Student Association) on 16-12-2021. Students of III & IV B.Tech EEE students are participated in this event. Total 112 students were participated in this event. Such events improve the students logical thinking. Prizes were distributed to the winner's team.

Sakala " DEBATE " :

The Department of Electrical and Electronics Engineering has organized a **Debate** on behalf of Sakala (Student Association) on 13-12-2021. Students of III & IV B.Tech EEE students are participated in this event. Total 72 students were participated in this event. Such events improve the **student debates** are one of the best ways to encourage critical thinking, engage students and put learning in the hands of the learners.

Sakala " Technical Quiz " :

The Department of EEE has conducted the event **TECHNICAL QUIZ** conducted on **20-12-22** LINK: <https://forms.gle/ffrR4G6UdvtoK2JS8> under the Students Association SAKALA. Students from III & IV Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's.. Total 171 students were participated in this event.

A quiz is a form of game or mind sport, in which players (as individuals or in teams) attempt to answer questions correctly. It is a game to test your knowledge about a certain subject. In some countries, a quiz is also a brief assessment used in education and similar fields to measure growth in knowledge, abilities, and skills.

Name of the Event: TECHNICAL QUIZ

Venue: EEE SIMULATION LAB AND COMPUTER LAB (ONLINE USING GOOGLE FORM)

LINK: <https://forms.gle/ffrR4G6UdvtoK2JS8> conducted on 20-12-22

Average 12.48 / 20 points	Median 13 / 20 points	Range 0 - 20 points
-------------------------------------	---------------------------------	-------------------------------

Total points distribution

Sakala " Speeches on great personalities" :

The Department of Electrical and Electronics Engineering has organized a **Speeches on great personalities** under Sakala Student association for Students of III & IV B.Tech EEE students on 27-12-2021 at Edison auditorium. Such events improves the students communication skills, confidence, also participation adds interest. Prizes were distributed to the winner's team.

When we talk about **great personalities**, we are not necessarily talking about rich and famous people. There are plenty of personalities who have done **great service to their country and society at large**, without being popular or rich. And children today should know about them and the work they have done.

Sakala " JAM ":

The Department of EEE has conducted "Just a Minute (JAM)" on behalf of Sakala (Student Association) on 15-11-2021 & 29-11-2021. Students of II B.Tech EEE students are participated in this event. Total 48 students were participated in this event. Just a Minute (JAM) is a special event in which contestants are challenged to speak on a topic for one minute. Just a minute topics need to be such that they don't invite too much of content. A speaker must be able to wrap up the content quickly and this is a bit tough

Sakala " Technical Quiz " :

The Department of EEE has conducted the event **TECHNICAL QUIZ** conducted on **20-12-22** LINK: <https://forms.gle/ffrR4G6UdvtoK2JS8> under the Students Association SAKALA. Students from II Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's. Total 56 students were participated in this event.

A quiz is a form of game or mind sport, in which players (as individuals or in teams) attempt to answer questions correctly. It is a game to test your knowledge about a certain subject. In some countries, a quiz is also a brief assessment used in education and similar fields to measure growth in knowledge, abilities, and skills.

Sakala " PPT on Technical Topics ":

Total no of Audience: 72 members

The Department of EEE has conducted the event PPT on Technical Topics at 01:30 p.m on 22-04-2022 under the Students Association SAKALA. Students from II & III Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's team.

Presentation skills are one of the essential skill sets for students in institutions of higher learning. To help them improve their presentation skills, students are encouraged to use systematic methods to facilitate their presentations in the classroom. The main purpose of emphasizing presentation skills in higher education is to help develop professionalism in the learning environment. In this era of technological advancement, students can enhance their presentation skills using high-tech equipment, thus improving their ability to present information in a professional manner.

Students find presenting in or outside the classroom during their studies very challenging. Many feel less confident when speaking in front of large groups. Presentations can be stressful and many students do not enjoy them and feel nervous when asked to present.

To overcome these challenges, students need to be prepared. The following are four key elements to improving presentation skills among students.

1. English proficiency level
2. Create innovative ideas
3. Body language
4. Be well organized

One must be well organized in order to make the audience understand the purpose of the talk

and keep them engaged from the beginning to the end of the presentation. Learning to put together a simple and well-organized presentation will give students confidence and help them be more successful in the future. Therefore, students must realize the importance of presentation skills before stepping into a full-time job.

Sakala " DEBATE ":

Total no of Audience: 84 Members

The Department of EEE has conducted the event DEBATE at 12:30 p.m on 29-04-2022 under the Students Association SAKALA. Students from II & III year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's team.

The benefits of debating are as follows:

1. Improved critical thinking skills.
2. Pupils acquire better poise, speech delivery, and public speaking skills.
3. Increased student retention of information learned.
4. Improved listening note-taking skills and increased self-confidence.
5. Enhanced teamwork skills and collaboration.

Sakala " TECHNICAL QUIZ ":

Total no of participant: 84 members

The Department of EEE has conducted the event **TECHNICAL QUIZ** conducted on **06-05-2022** under the Students Association SAKALA. Students from II & III Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's.

A quiz is a form of game or mind sport, in which players (as individuals or in teams) attempt to answer questions correctly. It is a game to test your knowledge about a certain subject. In some countries, a quiz is also a brief assessment used in education and similar fields to measure growth in knowledge, abilities, and skills.

Sakala " SELF INTRODUCTION ":

Total no of Audience: 45 members

The Department of EEE has conducted the event **Self Introduction** at 03:00 p.m on 13-05-2022 under the Students Association SAKALA. Students from II & III Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's team.

A self introduction is an act of introducing oneself to others. It is a way of telling people about yourself, such as your name, job, or interests. It's also a great way to build relationships, especially with your peers.

The purpose of a self introduction is to give the audience an idea of who you are and what you do. It is often done at the beginning of a meeting or event in the form of a speech or presentation, although it can also be done in writing.

Importance of Self Introduction For Students:

- Self introduction is the first impression. It makes a statement about who you are.
- It is a sign of respect that you show to your teachers and fellow students.

- A good self introduction will help students get a good impression of the teacher.
- A self introduction will also help to understand your strengths and weaknesses.
- Self introduction is an opportunity to give a piece of brief information about yourself.
- It is a perfect place for you to show your personality.
- It gives you an opportunity to improve your communication skills.
- Self introduction is a chance to show that you are a responsible person.
- Self introduction is a conversation starter. It allows for easier communication with others.
- A self introduction helps you build confidence. It will enable you to express yourself more easily.

Advantages To Self Introduction For Students:

- Help students feel more confident and comfortable in their own presence.
- Help them build relationships with other students and faculty members.
- Help students learn more about themselves and what interests them.
- Help students think more deeply about their own interests, skills, and strengths.

Template for Self Introduction for Engineering Students

Hello, everyone!

My name is _____ and I'm from _____. I'm currently studying _____ at _____, and I hope to become a professional engineer one day.

I'm really passionate about engineering, and I'm always looking for new ways to learn and improve my skills. I'm also a huge fan of teamwork, and I believe that working together is the best way to achieve success.

I'm excited to start my career and can't wait to see what the future holds for me. I'm confident that I have what it takes to be a successful engineer, and I'm looking forward to making a difference in the world.

Thank you for taking the time to get to know me. I hope to see you all soon!

The Department of EEE has conducted the event **PAPER PRESENTATIONS** at **01:30 p.m** on **27-05-2022** under the Students Association SAKALA. Students from II & III Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's team.

Paper presentation plays an extravagant role in the student's life. There are many advantages of presenting a paper. Presenting a paper is very difficult but in the end seems to be very simple and easy. To present a paper we need to have maximum of two or three participants and each and every participant will be awarded with a certificate. Paper presentation is part of technical fest in every

engineering college. Presenting paper in universities like IIT, BITS and NIT will add a lot of significance to the resume. It is not only adding value to the resume but also helps in developing various skills. To present a paper an abstract must be submitted on a predefined topic.

Tips for presentation

- Be careful with the time as you might run short of time.
- Never ever copy power point from net.
- Be confident with the matter and practice co-ordination according slides.
- Always make sure that you record your voice using voice recorder as it makes a lot of difference and you can locate your mistakes.
- It is very important to practice point as many times as possible before stepping on to stage.
- Practice maintaining good eye contact as it is becomes very effective and useful.
- Keep your pitch raising and failing, always maintain an audible tone which is most important aspect.
- Always make sure that you have good coordination with the other person.
- The last things answer the question claimed by judges very confidently enough through if you are not sure of the answer.

Advantages of paper presentation

Paper presentation has many advantages; the main advantage is you will be awarded with a certificate and this certificate count enormously at the time of interview. The number of papers you present will help you in exploring hidden talents in you and you can notice a positive difference in you. The main advantage or motto of the presenting paper is to bring students out of stage fear and also improve their communication skills. It also provides you an opportunity to learn in detailed about a core subject which is a part of curriculum and develop effective presentation skills. If at all you win a prize in paper presentation you will have additional benefits at the time of placements.

Paper presentation plays a predominant role in this modern world, especially BTech students should add flavor of presentation skills to their resume as a good company look for it. In addition to studies other activities are also important; paper presentation is one among those activities and is very much required in today's world. In this competitive world we must explore every nook and corner in order to get success and better opportunities. So here is a detailed explanation about all aspects of paper presentation.

Sakala " TECHNICAL TALK ":

Total no of Audience: 42 members

The Department of EEE has conducted the event **TECHNICAL TALK** at 01:00 p.m on 03-06-2022 under the Students Association SAKALA. Students from II & III Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's team.

Technical talks cover a wide range of technical concepts and ideas: From how a technology or process works, to how to perform a specific task, to lessons learned in a project.

Technical talks are typically broadcast live, recorded and posted so you can watch them.

Students find presenting in or outside the classroom during their studies very challenging. Many feel less confident when speaking in front of large groups. Presentations can be stressful and many students do not enjoy them and feel nervous when asked to present.

To overcome these challenges, students need to be prepared. The following are four key elements to improving presentation skills among students.

2. English proficiency level
3. Create innovative ideas
4. Body language
5. Be well organized

Sakala " GENERAL KNOWLEDGE QUIZ ":

Total no of participant: 83 members

The Department of EEE has conducted the event **GENERAL KNOWLEDGE QUIZ** conducted on **24-06-2022** **LINK:** <https://forms.gle/9qvzPbot6MPx9qp36> under the Students Association SAKALA. Students from II & III Year B.Tech are actively participated in this event and made this event a grand success. Prizes were distributed to the winner's.

The Department of EEE has conducted the event “**Speeches on great personalities**” at 01:30 p.m on 01-07-2022 under the Students Association SAKALA. Students from II, III & IV year B.Tech are actively participated. Students delivered speeches on great personalities Mahatma Gandhi, Jawaharlal Nehru, Rabindranath Tagore, Bal Gangadhar Tilak. Finally the event end up with a final year student speech saying that” Having a vision for future is what separates the leaders from a common man and categorizes them as special type of people”

Speech is human vocal communication using language. Each language uses phonetic combinations of a limited set of perfectly articulated and individualized vowel and consonant sounds that form the sound of its words. Speech perception refers to the processes by which humans can interpret and understand the sounds used in language.
