

Industrial Visit to Corner Stone IT Solutions :Nellore 17/09/2022

Introduction:

On 17/09/2022, a group of 120 students from Department of CSE, Narayana Engineering College, embarked on an industrial visit to Corner Stone IT Solutions in Nellore, a reputed IT company known for its innovative software solutions and cutting-edge technologies in Nellore. The purpose of the visit was to provide students with real-world exposure to the IT industry, gain practical insights into software development processes, and understand the work environment of a software company.

Arrival and Reception:

The students arrived at Corner Stone IT Solutions in Nellore at 10:00 am and were warmly welcomed by the company's management team. The students were divided into smaller groups and were assigned experienced employees as their guides for the day. The students were then given a brief overview of the company's history, vision, and various software services provided by the organization.

Interactive Sessions:

The students had the opportunity to interact with the company's software engineers, who shared their experiences and insights into working on real-world software projects. The students got to understand the importance of teamwork, collaboration, and communication in a professional software development environment.

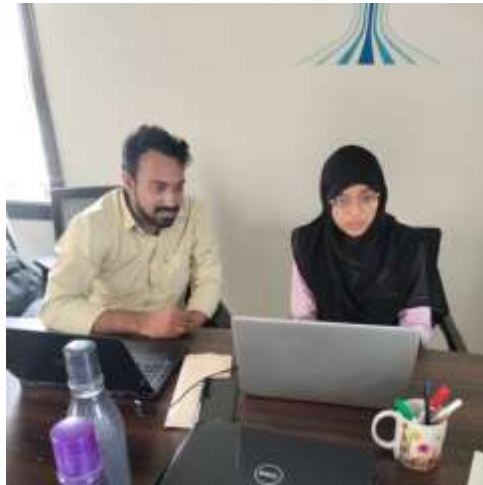

Live Project Demonstration:

One of the highlights of the industrial visit was a live project demonstration, where the students were shown a working prototype of a software solution developed by Corner Stone IT Solutions. The students were impressed by the complexity and functionality of the software, and they had the opportunity to ask questions and clarify their doubts.

The experts from the company explained the latest trends and advancements in the field of AI and cyber security and how they are being leveraged to develop innovative software solutions. The students were motivated to learn and explore these technologies further to enhance their skills and stay updated with the ever-evolving IT industry.

Conclusion:

The industrial visit to Corner Stone IT Solutions was an enriching experience for the students, providing them with practical insights into the IT industry and the software development process. The students gained a better understanding of the real-world application of their theoretical knowledge, and how it translates into software solutions that cater to the needs of businesses and end-users. The visit helped them realize the importance of continuous learning, teamwork, and adaptability in the fast-paced IT industry. The students expressed their gratitude to Corner Stone IT Solutions for the opportunity and the valuable knowledge shared during the visit, which they believe will benefit them in their future careers as software professionals.
