DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Akhyana Students Association

Report on Workshop on Design Thinking and Competence Building for Future Engineers

The department of Electronics and Communication Engineering has conducted Workshop on Design Thinking and Competence Building for Future Engineers on behalf of "Akhyana Students Association on 03.12.2021 for all the II year ECE students.

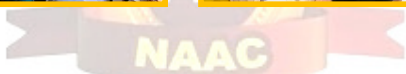

In this competition world all the companies are looking for graduates who have fantastic grip responsibilities of engineers and have additional skills in all interview skills. The student association is training the students by conducting this workshop.

Design Thinking and competence Building are very much needed for the students to understand the present situation and act accordingly. It helps anyone to achieve their goals in a very passionate and idealized way.

Dr.K.Murali, HoD/ECE welcomed the gathering. **Dr.R.Gayathri, Convener, IETE students Forum (ISF)** introduced the resource person.

Dr.R.Gayathri, Certified Trainer for Design Thinking is the resource person. She narrated various phases of Design Thinking and explained the students the power of positive thinking, Competence Building, wheel of life and visualization of their dreams.

All the second year students participated enthusiastically and the session went very interactive through so many activities. The workshop received very good feedback overall.

After the workshop session, **Dr.K.Murali**, HoD/ECE appreciated the students for their active participation in the event.
