Dance is an art form which refers to rhythmic movement of the body to music. No matter which style of dance, everyone got involved creating a wonderful show full of diversity, with dances.

The dance troupes from various departments mesmerized the audience with their performances. A combination of small dance pieces and monologues were presented by the students to depict the different dance forms. To bring a meaningful and energetic end to the assembly a scintillating dance performance portraying the significance and celebration of this cheerful day was presented by the group of students.

The attractive costumes, fluid dance movements and fascinating props made it tough for the judges to decide the winner.
