Women's Forum

Report:

The Resource persons Dr. M. Lahari, Dr. Firoz M.D.S, Narayana Medical Hospital, Nellore and Mr. Murali Raju has given an Awareness Program on Cancer and its Prevention conducted on 16-04-2021, Friday at Kautilya Seminar Hall, C-block. In this event the Resource person has given awareness on cancer problems. In now a day's women faced problems on cancer to find in early stage, while it's small and before it has spread in adults.

Resource person suggested educating people about the key risk factors of cancer since more than 30% of cancer cases could be prevented by modifying lifestyle or avoiding the key risk fact.

Dr. Lahari speaking to the students

Dr. Lahari recommended every women must examine the regular tests called screening exams, these tests help your medical provider find common cancers before they cause symptoms. Talk to your medical provider about which screening tests might be right for you. If cancer is found early, it can be easier to treat. Survival also tends to be longer for those with early cancer.

Women's Forum

Audience interestingly listening to the speech

She projected the common types of cancer:

- Breast Cancer
- Self-Breast Exams
- Skin Cancer
- Lung Cancer

Dr. J.Suresh Babu and faculty members are felicitating to the Resource person

Finally, she concluded the program by informing the students about the importance of cancer check-ups at an early stage. She encourages the participants to seek prompt medical attention for symptoms which may include lumps, sores, bleeding, weight loss and persistent indigestion/cough/pain, etc. The students actively participated and interacted with the resource person.
