**Student Association Activities-Report**

**Date: 12-02-2022**

The report regarding to student association has organized an event for students of I-MCA. As part of this event, the student coordinators have come up with various “Seminars on Infy Placement Questions” as a part of Technical Skills., and explained the methods of analyzing the questions and some methods to increase coding standards in Python and C Language. This will help them to challenge the Technical rounds easily in Interviews

*Student Coordinators are explaining Hands on Code Logics*

*Student Coordinators are explaining Coding tips to the students*

The session is completed with some students seminars they are getting clarification about the snippet of the code and its analysis and output of the code and how to retrieve the code from outputs etc.,. The session is beneficial to the students and students clarified their doubts regarding to coding in placement drives. This session will be continued for next weeks.
